Summer Activities

Lev and Linda went for a drive along the east coast and came across a motor museum. It had lots of old cars, Lev especially liked the blue car and also they had a few displays of older miniature cars that Lev spent time looking at Was a nice addition to the day.

Lil and Linda went to the festival and saw the show Brrrr.

It was for young people with disabilities. You're in a white inflatable dome, where dancers slowly dance around and show you different lights and textures to touch. Lil seemed to enjoy the different lights the most and was engaging. At the end lots of silver paper was blown around and glittered in the wind which appealed to lil by her putting her hand out.
